Mrs Lise Hodgson,

Thank you for your representation which we received as follows:

Representation ID: 2472
Document: Southend Central Area Action Plan (SCAAP) - Revised Proposed Submission 2016
Section: Managing Flood Risk and Sustainable Drainage in the Central Seafront Area, 195
Support/Object: Object

A cinema that close to the beach is a waste of valuable public land.
Nobody books a hotel because there is a cinema nearby and those that do go to the cinema don't spend money in the town while they are there.

CHANGE TO PLAN

A hotel might be reasonable, although why the Royal in the High Street has not long ago been refurbished as a modern hotel is strange if there is a need. However, restaurants, cafes etc. and more parking would improve the area.

The document is unsound because it is not:

Point 2b. It is not enough to ensure there remains the same number of car parking spaces. There should be more spaces in this area. The Council cannot just expect people to park further in town and walk down to the seafront. If that happens they will stay away. If they were willing to walk they would not sit for ages in queues waiting to get into the Royal car park and Seaway.

CHANGE TO PLAN

Proper arrangements for coaches should be made close to the sea front. The Council are in danger of losing day trippers in their endeavour to get people to stay overnight.
