To whom it may concern and Debee Skinner

I have a number of observations to make regarding parking management in the central seafront area and the proposed redevelopment of car parks.

As a former Portfolio Holder for Highways and Transportation in recent times and being privy to the early stages of the formulation of the current consultation document I wish to register to speak to the inspecting officer holds the public enquiry part of this process.

Can you please confirm and advise that this email is enough to register my attendance.

Best Regards

**Cllr Martin Terry**

Martin Terry,

Thank you for your representation which we received as follows:

Representation ID: 2513  
Document: Southend Central Area Action Plan (SCAAP) - Revised Proposed Submission 2016  
Section: Policy CS1: Central Seafront Policy Area Development Principles  
Support/Object: Object

Ref CS1.2 The redevelopment of Seaway car park is based upon very unsound figures that will leave central Southend in gridlock which is not sustainable development.

#### CHANGE TO PLAN

Do not develop this car park unless real and genuine alternative additional capacity is identified and delivered. The current figures are inaccurate and are flawed as I pointed out when I was Portfolio Holder, The corrections were not made to my satisfaction.

The document is unsound because it is not:

- i. Positively prepared

How you would like your representation to be considered at the independent examination: Appearance at the Examination.

CSI Seaway car park. The Council has failed to deliver promised direct linkage of Spanish Steps to seafront which is essential if this scheme is to work.

**CHANGE TO PLAN**

Do what is promised and deliver linkage.
